

Year One Spring 2

In an English Country Garden

As readers we will:

- Read books aloud accurately, re-reading them to build up our fluency and confidence.
- Explain our understanding of what we read and predict what might happen in stories.
- Link what we read or hear to our own experiences and tell others of similar things that have happened to us.
- Apply our phonics knowledge and skills to decode words.

As mathematicians we will:

- Practise our number bonds - finding pairs of numbers that make numbers to 10 and 20.
- Practise counting forwards and backwards in steps of 2, 5 and 10.
- Count objects in multiples of 2, 5 and 10 to find a total.
- Learn about length and height and compare and measure the length and height of objects using standard and non-standard units of measure.

As writers we will:

- Write correctly punctuated sentences.
- Learn about the different types of closing punctuation and use these correctly in our sentences.
- Begin to use exciting vocabulary to make our writing interesting to the reader.
- Extend our sentences by using connectives such as and, so, but and because.
- Practise writing neatly using the correct letter formation and begin to join our handwriting.

As scientists we will:

- Identify and name common wild plants and trees.
- Name the different parts of plants and describe the jobs they do.
- Learn why trees are important to our environment.
- What plants need to be healthy.

As artists we will:

- Explore the work of artists who use natural materials to create their work.
- Use natural objects and materials to create our own collages and structures.

Everyday we will:

- Develop our social skills through circle times, PSHE sessions and class discussions.
- Develop our fine and gross motor skills through a variety of physical activities.
- Develop our knowledge of the weather and the world around us.
- Learn about time.
