

Year 2 Autumn 1

What Goes Bump in the Night?

As artists we will:

- *investigate different art techniques.
- *design and make products.
- *learn about the works of Van Gogh
- *do painting, sculpture and drawing.

As historians we will:

- *learn about the life of Van Gogh.
- *learning about the events of November the 5th.

As mathematicians we will:

- *think about how numbers are made of tens and ones.
- *add and subtract.
- *multiply and divide.
- *collecting data and making graphs.
- *count forwards and backwards from any number to 100.
- *Count in 2's, 5's and 10's and the multiplications to go with it.
- *learn numbers pairs that make 10 or 20.

In English we will be:

- *making sure our handwriting is neat and correctly formed.
- *making sure we speak clearly using correct grammar.
- *reading and answering questions.
- *sharing stories, including 'The Owl Who Was Afraid of The Dark'.
- *writing different stories, information, letters and other forms of writing.

As scientists we will:

- *learn about nocturnal animals.
- *look at animal habitats and animals need to live.
- *identify and name different plants and animals.
- *learn about food chains.
- *find out about space.

Every day we will:

- *learn about time, the continents, how to be good friends, look at the weather,
- *develop our social skills.
- *develop our physical skills both fine and gross.
